- Tailwind CSS
- HTML, CSS

EDUCATION

Bachelor in Computer Engineering

IOE Purwanchal Campus
2023 - Present

ABOUT ME

I am Tilak Thapa, a dynamic and motivated and experienced full-stack web developer currently pursuing a Bachelor's degree in Computer Engineering at IOE Purwanchal Campus. My expertise is in MERN stack and Next.js

WORK EXPERIENCE

○ Feb 2024 - Present
Neon Shark

React Developer Internship

At NeonShark, I am working as a React frontend developer, working on multiple projects to improve user experiences. Collaborating closely with teams, I utilized React's latest technologies to create responsive and intuitive interfaces, ensuring successful project outcomes.

○ Jan 2024 - Feb 2024
Prodigy InfoTech

Web Developer Intern

During my internship at Prodigy InfoTech, I successfully completed assigned web development projects that were external to the company's codebase. Leveraging my expertise in the MERN stack and proficiency in Next.js, I demonstrated my ability to independently undertake end-to-end project responsibilities.

RECENT PROJECTS

○ Bumblebee - AI Powered Chatbot

Bumblebee is an AI powered chatbot that can help you with your queries. It is a web based application that can be accessed from anywhere. It uses OpenAI API to generate responses. It is MERN stack web app.

○ Travellian - Travel Across the Globe

Travellian is a travel agency website that provides the best travel experience for your journey. It is built with Vite, React, and Tailwind CSS as a front-end internship project.

○ FSU - WebDev Competition

A website for a Student Union developed as part of a web development competition using Next.js, React.js, Tailwind CSS, and Email.js, ensuring a seamless and responsive user experience.
